

BATTERY TERMINAL

FOR CYLINDRICAL & PRISMATIC BATTERY CELLS

Customizable

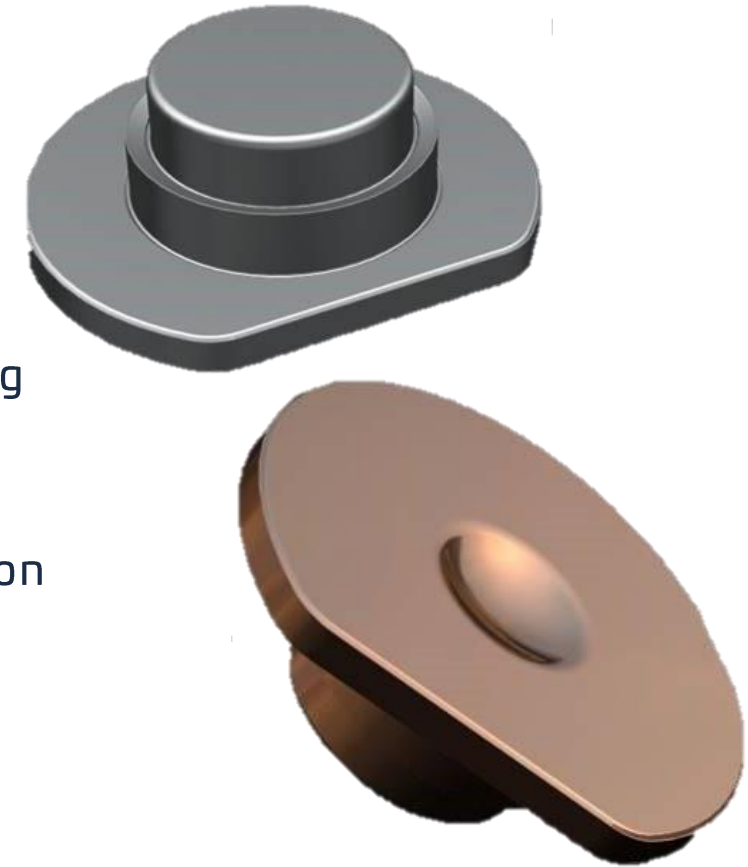

Easy Integration

Simple Design

TAKE CHARGE OF COMPLETE DESIGN FREEDOM

- ✓ Advanced PM technology that allows for specific geometry
- ✓ Easy to upsize and downsize depending on design needs
- ✓ Ultrasonic welded to cell casing & ease of integration within the housing
- ✓ Simple manufacturing with one tool, no mechanical machining required
- ✓ Sustainable material utilization and capability for high volume production
- ✓ Pure Cu and pure Al composition allows for high conductivity

INDUSTRY
Energy Storage

TECHNOLOGY
Powder Metallurgy

MATERIAL
Aluminum/Copper
